SHELFORD DESIGN LTD

Unit 10 Blagdons Storage
250 Embankment Road
Plymouth
Devon
PL4 9JH

Single Row:	Width	Length	Overall space required
Maxi 3	52cm	85cm	W= 185cm x L=145cm
Maxi 4	52cm	121cm	W= 185cm x L=181cm

Double Row:	Width	Length	Overall Space required
Maxi 3+3	107cm	85cm	W=395cm x L=145cm
Maxi 4+4	107cm	121cm	W=395cm x L=181cm

*Note: Overall space required based on average cycle length

*Note: Overall space required based on average cycle length is 1.85M and 30cm required for handlebar clearance each end.

Adding additional modules:

The Maxi Bike Parks can be expanded by adding additional Maxi 3 or Maxi 4 modules and connecting them with the **Combi Bar**.

No additional fixings are needed. Simply insert the Combi Bar between the two modules and secure in place using the existing fixings.

There is no limit to the number of modules that can be joined together in this manner and undulations on the ground are catered for due to the modular design.

**General:****Installation:**

Single row bolted to wall and floor.

Double row (Back to Back) bolted to floor only.

Finish: Corrosion proof Black PPA571.

Security: Hafren Armour Ring Security fixings throughout plus drill through Floor and Wall fixing bolts included.

Additional:

Alternate front / rear wheel parking @ 36cm centres.

Wheels up to 50mm wide.

All kits are flat packed for transport.

Simple assembly.

1 metre clear unobstructed walkway recommended between rows when cycle parks are in full use.
